iBalita Ako! [Edit](#)

IBC News launched its own [citizen journalism](#) campaign during its coverage of the Hatol ng Bayan 2012. The campaign is now called *iBalita Ako!* ([Tagalog](#) for *You News!*), it reflects upon the station's flagship newscast [Express Balita](#) and [Ronda Trese](#) which runs out of a blog. Submission of news items from the general public is across a variety of platforms, mainly using [SMS](#) and [MMS](#) technologies with its sequestered by the government.

As answer to IBC's *iBalita Ako!*, the other two main competitor GMA and ABS-CBN both followed and had their own version of [citizen journalism](#) campaign named *YouScoop!* and *Bayan Mo, iPatrol Mo!* respectively.

Former Ch 2 talents beef up RPN 9 slots as the Kasama network

By Marinel Cruz

Inquirer on May 27, 2006

RPN 9 HAS SOUGHT THE HELP OF FORMER **ABS-CBN** employees to beef up its programming and get a better chance at beating rival networks as the **Kasama** network is No.3 in dominated like **GMA** and **ABS-CBN**, according to network president Mia Concio.

Concio identified Jing Magsaysay, former **ABS-CBN** assistant vice president for news operations, as **RPN 9's** officer in charge for news.

Erwin Tulfo, who used to anchor for ***Magandang Gabi Bayan***, is now the host of the hour-long news program, ***Aksyon Balita*** (5 to 6 p.m. Monday through Friday).

Tulfo was a regular **ABS-CBN** reporter for nine years. Angelique Lazo, who used to anchor the evening news program for **RPN 9**, has transferred to **PTV 4**.

As early as now, the new team is already infusing changes in the news department, Concio told Inquirer Entertainment on Friday. The shows now have more action segments. They are now more responsive to the audience and more interactive as well as local news, police report (***Metro Pulis***), global news (***Globalita***), business news (***Go Negosyo*** reported by Connie Sison), weather forecast (***Ulat Panahon***), sports news (with Beth Celis as the segment anchor) and entertainment news (***Spotlight*** with Nadine Lustre).

Also part of the new **RPN 9** news team is Melo del Prado, former desk editor of **dzMM** (**ABS-CBN's** AM radio) and reporter for **TV Patrol**.

Leddy Tantoco, formerly a reporter for **dzMM**, is now a writer of ***Isumbong Mo! (Tulfo Brothers)***, a public service program aired Saturday nights from 6 to 7 p.m., along with Ramon Tulfo and Raffy Tulfo. Also part of the spruce-up is extending the airtime of ***Aksyon Balita*** from 30 minutes to a full hour, Concio pointed out.

This is just the first phase. Viewers should watch out for more, she said. Right now, it's important that we first build a credible image for our news team. With Jing and Erwin's help, we can solidify our platform.

Since February, Concio added, **RPN 9's** international channel, **RPN USA**, has been available in key areas in the United States through cable distributor **Echo Star**. For this project, the network tied up with the US-based **Glocal Media**.

Next on the drawing board, Concio said, is the strengthening of the network's entertainment programming.

RPN 9 recently started producing shows for the female audience. It has come up with three such shows **For M**(Mondays 12 noon), **Make-Over** (Fridays 12 noon), and **Go Negosyo** in non-prime time slots.

Connie Sison, former **ABS-CBN** reporter and host of **Magandang Umaga Bayan**, will be hosting **Go Negosyo**, which premieres June 5 from Monday at 10:30 to 11:30 p.m.

The network has also consulted, **Solar Entertainment**, which is responsible for the prime time hours (6-10 p.m.), on how to reprogram said grid.

Concio denied rumors that **RPN 9** is interested in getting senior vice president for **Star Magic (ABS-CBN talent center)** Johnny Manahan to help. But she hinted on talking with a director who is responsible for a number of box-office hits for **ABS-CBN**.

Revamped IBC-13 parades new programs and roster of stas at its trade relaunch last June 30, 2012

July 1, 2012

For making its presence felt in the local TV scene recently, sequestered TV station **IBC-13** revealed the network's aggressive stance to challenge the dominance of **ABS-CBN Corp.** and **GMA Network, Inc.** at the top of the TV ratings charts, even seasoned executive Vic Del Rosario had to admit that running a network is one daunting task, hopes that its product line-up will pull in more of the viewing audience, particularly as it has taken a flexible stance in employing talents - a combination of the seasoned and the youthful, through the Telephone No.: (632) 952-4002, and Telefax No.: (632) 951-8983, 931-8940 as well as the new TV airtime rates.

I was telling people around my table that starting a project, especially a television station, is a very difficult task. It's a business that is quite different from the businesses that we did," Rosario said last June 30, 2012 at **IBC-13's** trade relaunch held on **Lunch Break** last June 30, 2012 will celebrated its 52nd anniversary in Philippine television with its new corporate slogan **Pinoy ang Dating** with the branding **Kapinoy** network for the government-sequestered network as well as new **IBC** jingle with Filipino-like and the new letter **B** slash number **13** for the new logo with **I** for kids, **B** for entertainment and **C** for news and public affairs from Luzon, Visayas and Mindanao for making big-budgeted in the market with new print advertisements for **IBC** from advertisers and media buyers.

Modernize the **IBC** building, which houses **IBC 13** and **RPN 9**, and at the same time develop the 4.1-hectare Broadcast City property in Quezon City into a mixed-use commercial and residential complex while a new IBC corporate building, one that is tailor-made for **IBC 13** operations, with office spaces, built-in modern studios and complementary amenities sufficient to house at least two network operations. The delivery of a new corporate building for **IBC-13**, complete with live studios and network facilities sufficient to accommodate even the requirements of **RPN-9**, which also operates in Broadcast City, a commercial building which it can use to generate additional income, and the P278 million cash component to be used to pay for its outstanding obligations to its employees. It is estimated that **IBC** will have a guaranteed income of P275 million, the added benefits from having modern broadcasting facilities, studios, and offices.

Gathering managers, employees, business partners, sponsors, members of the press, and its growing list of new talents, sequestered TV station **IBC-13** as the major player officially revealed its new look designed to cater to the **Bagong Pinoy-Esque** audiences become more aggressive for surging ahead in the ratings, with new UHF free-to-air news channel **IBC News Network** and new cable channel **Danze TV**, nationwide provincial station of originating stations TV-13 Baguio, TV-6 Mountain Province, TV-13 Laoag City, TV-13 Cebu, TV-12 Iloilo, TV-13 Davao and TV-10 Cagayan de Oro, and the country's FM radio station its Mega Manila's #1 internet danze mix radio **iDMZ** along with **DYBQ** in Iloilo, **DYJJ** in Roxas and **DYRG** in Kalibo, Alkan as the **Radyo Budyong** in the AM band, and the newest tourist-oriented FM station **103.8 Boracay FM** in Boracay.

And if the two giant networks are **ABS-CBN** is known as the **Kapamilya** network (member of the family) and **GMA** is known as the **Kapuso** network (one with your heart) as well as **TV5** known as the **Kapatid** network (sibling), the Broadcast City-based station positioned itself sequestered radio-television **IBC** under the brand ID as the **Kapinoy** network for making gains in viewership (member of the Pinoy), thanks to chairman Orly Mercado, president and CEO Boots Anson-Roa, sales and marketing Tessie Taylor, general manager Eric Canoy and vice-president Lito Ocampo Cruz, appointed by President Noynoy Aquinio for administration under the **Presidential Commission on Good Government (PCGG)**. For the international channels **IBC Global** available in the US, Canada, the whole of Europe, Australia, the Middle East, Japan, and a host of other Asia-Pacific countries via cable TV, direct-to-home satellite, **Internet Protocol Television (IPTV)** as well as on the internet and ready to take on the two other networks for a battle for TV ratings, they have helped **IBC 13** rise from its financial slump and mediocre ratings.

In its continuing efforts to rock the TV industry, the trade relaunch staged on **Lunch Break** last June 30, 2012 was actually just the culmination of an aggressive campaign initiated by the network since late last year to further boost its steady growth. The network is still sequestered, and **IBC** will not be sold because it still up for privatization with brand-new transmitter power at 60-kilowatts as **IBC Tower** sitting on a 500-ft tower in Quezon City and supplements its monthly income with its earnings from **Viva** with a big share of the market. Records show that Congress granted **IBC-13** a new 25-year legislative franchise under Republic Act 8954. If they're seriously going to clash against **ABS-CBN 2** and **GMA 7**, changing logos is a step in the right direction. **IBC-13's** new pinoy hat stand a chance against the **GMA's** rainbow heart and the **ABS-CBN's** three signal rings.

He said the **IBC Channel 13** on the revenues from the blocktimer **Viva Entertainment** of Vic del Rosario, while **RPN Channel 9** is 34 percent owned by **Solar**, 32 percent by **Benedicto Group**, 20 percent by the government and 16 percent by stockholders while Channel 13 is expected to generate about P50 million this year and now have earning money from the new advertising market that **IBC-13** ran a TV plug for the station.

Aside from revamping and strengthening its lineup of programs, sequestered **IBC-13**, the No. 3 station in the country the concept of highlighting the contracts to lure some of the industry's biggest names to its fold to increase our audience share and our ratings with Channel 13's market share. It has financially among the government-owned networks like **RPN-9** and **PTV-4**, **IBC-13** is now a strong No.3 in the rating dominance like giant networks **GMA** and **ABS-CBN**, according to a survey conducted by the **AGB Nielsen Media Research** data on **National Urban Television Audience Measurement**.

The primetime block of rivals **ABS-CBN** as **Primetime Bida** and **GMA** as **Telebabad** with primetime teleserye, while **IBC** is now a primetime block as **PrimeTastik** with **Viva-TV** primetime shows are cartoons, music, movies, comedy, showbiz, teleserye (offer a new TV series) and asianovelas. A singing champion Anja Aguilar goes to major concert this 2012

October 4, 2012

A singing champion Anja Aguilar is expected to be fiercer on her first major concert **Anja Aguilar: The Concert** on October 7 at the **Smart Araneta Coliseum**.

I just saw the poster for the newest concert, **Anja Aguilar: The Concert** and realized that Anja Aguilar is turning 18 this last July 22. Her birthday is actually last July 22 and expected the concert is happening on October 6 at the **Smart Araneta Coliseum**, Quezon City.

During her concert beginnings. Now been 12 years since Anja won the top prize in the **Little Big Star** on **ABS-CBN** as singing contest along with Sam Concepcion. Remember that white gown with the long shawl during finals night? That was the beginning of what has been a beautiful ride.

Born on July 22, 1992, she's the eldest of five kids and is now graduating from her masscomm course at **AMA**. Anja is a discovery of the now defunct **Channel 13** singing contest, **Little Big Star**, in 2006.

After she won, didn't sign her up to a contract as she was managed by Boy Abunda's Backroom. She then joined **Viva's** Pop Girls and is now so glad that they're launching her as a solo artist in her self-titled debut album.

Of course, like most kids around whose parents believe they could become successful singers, Anja has had her share of work. She has been performing since she was a star in the making, delighting crowds with her powerful voice in her little sequined dresses. She also did work as a child actress in a teleserye or two and some bit parts in the movies. But it was with the talent search show **Little Big Star** that happened in 2006 at the **ABS-CBN**, that Anja hit the big time singer definitely has the looks of a future superstar. With her extraordinary vocal range and incredible charisma, she can capture the hearts of her audience in an instant. Her numerous trophies and awards from different singing contests prove that she possesses a star factor.

After winning the talent show, which also produced another popular artist Sam Concepcion, she became a member of the teen sing and dance group Pop Girls for a time. She also appeared in bit roles in several **ABS-CBN** shows, with her claim to fame a **Maalaala Mo Kaya** episode where she was cast opposite Piolo Pascual, and her among the roster of artists in the noontime Sunday variety show, **ASAP 2012**. Discovered via her breakthrough triumph at **Little Big Star**, the young singer is now being primed and readied for greater things with the release of her solo self-titled album. She has also showed her acting skills through 8 **Maalaala Mo Kaya (MMK)** appearances.

Anja Aguilar is a certified singing champion with an extraordinary vocal range is the perfect vehicle for the composer's lovelorn ballads, namely *I Love You*, *When* and *Nasaan Ang Pangako*.

Everything else came easy. There were the hit songs. Her winning piece, the newest original single *To Reach You*, *Nasaan ang Pangako Mo*, *When* and *I Love You* by Vehnee Saturno, a cover of prince of pop Dingdong Avanzado's *To Love Again* and Donna Cruz's *Only Me and You*, the covers, *Heaven*

Knows, One Hello, That's What Love Can Do and *Angel of Mine*. There were also *Di Bale Na Lang, Magic of Love* and *Ako Para Sa'yo* by Christian Martinez, and recently dance hits are *Surrender* (DDR), *One Sided Love* (DDR) and *This Kiss*.

Then all the elements that go into the creation of a big star followed. The million-peso paying product endorsements which are now too many to mention; the concert tours that have taken her around the country and around the world; the new blockbuster movies, ***Fall In Love Again, To Love Again*** and upcoming ***All At Once*** (with **Star Cinema**); the actor Onemig Bondoc, Cesar Montano and Marvin Agustin; the high-rating TV teen drama anthology series ***Dear Heart*** on **IBC-13**, which airs on Sunday afternoon as a co-production with **Viva Television**, the voice of Anja as Bloom for phenomenal fairy-serye ***Winx Club*** on **IBC** co-produced by **Rainbow S.r.l** and **Viva-TV**, and perform with **KSP: Kapinoy Sunday Party**; and the newest sold-out concerts, once a year events that her fans always look forward to elevated Anja Aguilar's stature in the Philippine concert scene. We have performed together in some production numbers.

In October is definitely called the Anja Aguilar month. And as treat to all her fans and supporters, Anja will be staging her first-ever birthday concert at the **Araneta Coliseum** on October 6. Tickets have been since the October 7 concert was announced. Thus, a concert repeat on October 13 was opened to pave way for the request of fans. ***Anja Aguilar: The Concert*** also seemed like a get-together of the best icons. This year, this live event is ***Anja Aguilar: The Concert***. It is expected to have a singing champion Anja celebrating her 18th birthday. Since there is no escaping growing up the local singing champion and young diva is adapting to it by turning glamorous diva. This time around, she will be now on her line-up of exciting guests. Fans are said to have been praying that either Marvin Agustin, AJ Muhlach and Onemig Bondoc would show up. Maybe even both. Prepare for the singing star with Anja. Watch out for which one will bring in the romance factor.

Last September 30, Anja will host a new **Viva-TV** show, ***Born to be a Star***, on **IBC 13**, a singing contest originating from America like two other **Viva** franchisees, ***Who Wants To Be A Millionaire?*** (hosted by box-office king Vic Sotto), ***The Weakest Link*** (hosted by Edu Manzano) and recently ***1 vs. 100*** (hosted by AJ Muhlach).

While their hands locked together, AJ Muhlach accompanied Anja Aguilar as she walked to where Boss Vic Del Rosario were seated. Viva-TV's new three shows on IBC [Edit](#)

October 2, 2012

Who Wants to be a Millionaire? and ***The Weakest Link*** are on **IBC-13**, ***Kapamilya***, ***Deal or No Deal*** with host Luis Manzano is on **ABS-CBN 2**, and ***Manny Many Prizes*** with host Manny Pacquiao is on **GMA-7**. **TV5** is joining the **Endemol's** game show called ***The Million Peso Money Drop*** with Bossing Vic Sotto. Even the **PBA Games** on Wednesdays, Fridays, Saturdays and Sundays have been edged out by ***Millionaire***.

Sequestered TV station **IBC-13**, has announced that **Viva-TV** acquired the franchised to the local versions of two of United Kingdom game shows and one of newest American talent search show: ***Who Wants to be a Millionaire?***, ***The Weakest Link*** and ***Born to be a Star***. All three shows premiere on **Kapinoy** network **IBC-13** this October. According to the most recent TV survey of **AGB Philippines**, ***Millionaire*** posted a 25-percent average rating on the primetime slot. At one point, ***Millionaire*** posted an all-time high of 38 percent audience share, besting primetime shows from **ABS-CBN** and **GMA 7**.

The **IBC** and **Viva** management is optimistic about the shows, anticipating high ratings for them.

Recently, the network announced had the host to the three shows: Christopher de Leon for ***Who Wants to be a Millionaire?***, Edu Manzano for ***The Weakest Link*** and Anja Aguilar for ***Born to be a Star***.

Another first for ***Millionaire*** is that it is the first franchised TV show in town. **Viva-TV** secured the rights to the show, which first appeared in London in September 1998. It was the brainchild of producer David Briggs of the British production company, **Celador**. He wanted to create a quiz show funded by premium phone calls. For the longest time the 6:30PM slot has been held by news programs. This is the time slot occupied by **ABS-CBN's** ***TV Patrol*** and **GMA 7's** ***24 Oras***. ***Who Wants to be a Millionaire?*** will be shown 6:30-7:30pm every Monday, Tuesday and Thursday. Christopher de Leon will be having showdown with Mike Enriquez and Ted Failon when the No.1 also this Saturday at 8:30-9:30pm and Sunday at 9:30-10:15pm.

Meanwhile, ***The Weakest Link*** got a number 1 in dominates that timeslot on 7:30-8:30pm slots are beating by teleserye. **ABS-CBN's** ***Princess and I*** is the second-placer on those days while **GMA's** ***Aso ni San Roque*** share is the third-placer. It seems that **Viva TV's** ***Who Wants To Be A Millionaire*** is beating the lights out of the competing **ABS-CBN** and **GMA** shows, everyday that **WWTBAM** is on. **Viva-TV** executive Veronique del Rosario-Corpuz said targeting mass-based, middle-class and upper-class Asian market for the anticipating winner of ***Who Wants to be a Millionaire?***, ***The Weakest Link*** and ***Born to be a Star*** are the block-timers of **Viva Television** on **IBC**.

That relaunched last Monday back-to-back game shows ***Who Wants to be a Millionaire?*** and ***The Weakest Link*** got the No.1 slot, had found himself very lucky to be the network executives to deliver the Pinoy version of the world-famous game show. "It comes at a right time in my career" he says. "I have always wanted to do something like this even before the million for game shows started on primetime

TV." We have seen the production values being employed by **Viva-TV** on their game shows ***Who Wants To Be A Millionaire*** and ***The Weakest Link***, and a popular talent search show ***Born to be a Star*** with their high standards within a promo sponsors.

It seems that **Viva TV's** powerhouse package for new homegrown of ***Esperanza, 5 Girls and Daddy, Dear Heart, Who Wants To Be A Millionaire, The Weakest Link, Born to be a Star*** and the ***PBA Games*** are the real threats to **ABS-CBN's** dominance, not **GMA-7**.

According to the actor Christopher de Leon, he, like Edu Manzano and Anja Aguilar was asked to audition, along that included actors, singers and models, for the three shows. "In the end, I got ***Millionaire, Weakest Link*** went to Edu and Anja got ***Born to be a Star***," he adds.

IBC turns third player

October 11, 2012

Just a 4-month after it revamped its programming lineup with new shows, sequestered TV station **IBC-13** as the **Kapinoy** network is now the No.3 most watched station nationwide, according to a survey conducted by the **AGB Nielsen Media Research** data on **National Urban Television Audience Measurement** for the role of the country's third-biggest network in local television. It has financially among the government-owned networks **RPN-9** and **PTV-4**, while **IBC-13** is better than **ABS-CBN**, to compete with major TV networks in certain time slots as the Philippine TV landscape had been characterized by a strong rivalry

Sources said that while **Viva** had an airtime block agreement with **IBC-13**, management of the company that owns **Viva Communications, Inc.**, is now reportedly keen on acquiring the sequestered TV outfit. I think the plan now is to acquire **IBC-13** to allow **Viva Entertainment** to air as more **Viva** programs with **PBA** as given a full program lineup, the source said. Acquiring **IBC-13** would be to do for **Viva Entertainment** since they would be spending for the improvement of the government station's facilities, the same source said.

The head office of the **Intercontinental Broadcasting Corp. (IBC-13)** has received reports from all its provincial relay stations that irate basketball fans have threatened to allowing their facilities for their telecast the **Philippine Basketball Association (PBA)** games and more **Viva-TV** programs, they have helped **IBC 13** rise from its financial slump and mediocre ratings. Vic Del Rosario is still keen on acquiring a government-owned broadcasting network to strengthen his group's presence in the television industry, the researcher looked into marketing communication strategies that the network employ in order to improve network survival and competition advantage.

Rosario, who chairs **Viva Entertainment**, told reporters that the possible acquisition would depend on the government's privatization plan of **International Broadcasting Corporation of Channel 13**, we will now adding more entertainment programs as well as sports shows including basketball, boxing and billiards.

Under the agreement, **Viva Entertainment** will also finance the the rehabilitation of **IBC 13's** transmission and facilities. The Aquino administration plans to privatize **IBC 13** and **RPN** to raise more revenues. With the primetime block, **IBC-13** is now earning a monthly revenue of Php12 million for an average of Php73 thousand per hour. Its daytime block, meanwhile, is offered at Php25-50 thousand per hour. **IBC-13** posted last 2011 a net income before tax of Php55.92 Million. In addition, this thesis discussed how important TV brand management was for network survival and competition advantage, especially in the case of **IBC**. For **IBC**, building a stronger presence both in the rural and urban areas and creating stronger relationships among the viewers were essential to the identified communication concerns, marketing communication strategies for TV, TV branding, product life cycle, network survival and competition advantage .

We have definitely eaten into the audience share, Canoy told Inquirer last Monday thanks to the president Noynoy Aquino administration as well as sequestered by the **Philippine Commission on Good Government (PCGG)** with **IBC** increased its viewership ratings and has established its position as a strong number three in the Philippine television industry continuing to prevent **IBC's** provincial and relay stations from airing the programs of **Viva-TV on IBC-13**, by a significant increase in their production costs by getting the biggest stars, the best production values, and the technological audience reach. The network will continue to challenge industry by presenting new programs while **IBC** will not be sold because its still up for privatization.

In its last July of airing, **IBC-13** captured 23.5 percent of viewership in key cities according to the survey on the **Nielsen Media Research**. **ABS-CBN** placed first at 42.2 percent and **GMA 7** landed the second spot at 37.3 percent. The revealed competition **TV5**, which placed third at 20.3 percent. **IBC** new management is newest chairman Orly Mercado, president and CEO Boots Anson-Roa, sales and marketing Tessie Taylor, general manager Eric Canoy and vice-president Lito Ocampo Cruz must be a rotation among the commercial TV networks regarding the coverage of the trial, the first of its kind in the country's telecommunications and broadcast industry worked long and hard for the rehabilitation of the sequestered network, which is now up for privatization. .

Ramon Ang, president of **San Miguel Corporation**, earlier said the company is interested in the the privatization of **IBC-13** and **RPN 9**. Any venture into TV will provide synergies with **SMC's** telecommunication business. The conglomerate owns **Liberty Telecom**, **Eastern Telecommunications Phils. Inc.**, and **Bell Telecommunications**. The two established networks have already signed up the major stars, so **IBC** may now have to build up its own roster of popular players, will likely raise the floor price for Channel 13. We need to make from P25 million to P30 million a month to keep it afloat. We're barely making half of that. We have to costs by cost measures and introducing new programs, Ms. Boots said. There is also steady increase in all-day viewership and its morning belt is consistently at double-digit share levels. The Senate's decision to allow one more commercial television channel to cover the impeachment trial of President Aquino has sparked another bitter corporate war behind rival networks **ABS-CBN** and **GMA-7**.

Analysts said that **Viva Entertainment's** blocktime agreement with **IBC 13** makes sense because it could reach a coverage and in preperation for a possible acquisition of **IBC 13** assets for making big-budget. We beating **ABS-CBN 2** and **GMA 7** in the same time slots. **IBC** is the No.3 slot in the network with **Viva-TV**programming, Canoy told Inquirer Entertainment. **IBC** become more aggressive for surging ahead in

the ratings. She added that things are looking up for the company as non-primetime sales for programs aired before 5 p.m. to 12 midnight slot doubled, while creative selling of content has been adding P3 billion a month to the company's revenues.

We believe that **ABS-CBN** and **GMA** are both doing well in serving their respective markets. So we dedicated to focus our efforts to the market segment that like to watch local drama series during primetime," Mr. Canoy said now have the market-driven strategies by integrating programming, merchandising and sales that **IBC-13** ran a TV plug for the station, amid the station's aggressive ads and promo.

Pointed out the network's progress in terms of viewership and audience share versus the other competing stations of the two giant networks. "To date, **IBC-13** is at its highest level in the morning block with close to 23% audience shares and is at a close fight with network giants **ABS-CBN** and **GMA** with both having 26.07% and 27.2% audience shares, respectively.

Earlier reports said **IBC-13's** assets and franchise were valued at P1.2 billion while and **RPN-9's** franchise was estimated at P800 million while registered a net income of P1.30 billion for the full year 2011 in privatization said **IBC Board of Directors**, while news media reported that **ABS-CBN** net income plummeted to P2.4 billion and **GMA Network** net income plummeted to P1.72 billion in the same period and revenue from P12 million of **IBC**.

IBC-13 become the country's No.3 station announced new programs and a roster of stars. It has since been called the **Kapinoy** network with the battle despite the dominance of giant networks (**GMA-7** is **Kapuso** and **ABS-CBN** is **Kapamilya** as well as **TV5** is **Kapatid**), conducted by the **AGB Nielsen Media Research**.

As such, **IBC-13** continues to be viewed by the industry as a network of value. This is clearly manifested in the latest evening primetime survey undertaken by **AGB Nielsen**, the firm which now surveys TV ratings. While the **GMA** and **ABS-CBN** networks easily grabbed the two top spots, with 30.5% and 20.9% of all viewing households, respectively, **IBC-13** now garnered 15.8%, which is significant, especially if compared with **TV5's** 14.6%.

Despite a decline in viewership, the new production cost was attributed to the company's decision to improve new **Viva-TV** primetime programming on **IBC** through big-budget programs as **Kapinoy**, it introduced a new genre in Philippine primetime television. **Viva Entertainment** will upgrade **IBC-13** nationwide as part of deal giving a blocktime from 5 p.m. to 12 midnight, seven days a week. To be aired are sports events such as the **Professional Basketball Association** league tournaments. The first involves 50 hours of airtime on **Channel 13** and the second involves 10 additional hours, including five hours primetime, plus all the breakspots during primetime. If the buyer values ratings, he would view the **Viva** contracts as even beneficial, she says. It would also give the buyer time to work on his own programming and intend to engage Channels 2 and 7 in areas where they're strong like producing new teleseryes during primetime. Our audience is very young, so we come up with kid stuff like anime.

The current peso-to-dollar exchange rate helped to complicate the net's problems. Once the country's top purveyor of **Viva** programs, **IBC-13** got hit by a double whammy when the Asian crisis rendered foreign programs too expensive. Advertisers also cut their placements in more **Viva-TV** shows by 100%, **IBC-13** programs that had cheaper rates and higher viewership.

He added presented the entertainment media that increase in advertising revenues of **IBC-13** offers a new **Viva-TV** primetime lineup, led by the No.1 phenomenal animated fairy-serie **Winx Club** is No. 1 in the ratings and has generated more advertising proves that **Smile Dong Hae (GMA)** and **Precious Hearts Romances: Pintada (ABS-CBN)** can be beaten, along with action-crime fighting **Totally Spies!**, the No.1 phenomenal international game shows like **Who Wants to be a Millionaire?** and **The Weakest Link**, basketball **PBA**, new star-studded teleserie **Esperanza** and **5 Girls and Daddy**, new telenovela **María Isabel** and **Mar de Amor** and primetime Korean drama **I Need Romance** which fills up to the television network's primetime schedule.

"Advertising revenues will more than double this year compared to last year," he said, adding that the ratings of **Viva-TV**'s hit shows on **IBC** are doing very well that many continue to place advertisements during the time slots when these are shown, it introduced a new genre in Philippine primetime television.

"We were already have Pinoy to be a strong third among all TV stations, we were able to compete with the big networks to become number one during weekday and weekends," Mr. Canoy told reporters last week.

Canoy said **Who Wants to be a Millionaire?** (Mon, Tue and Thurs) and **PBA** (Wed and Fri) would compete with the news programs **TV Patrol** and **24 Oras**. The newest imported Japanese anime series every Saturday like **Crayon Shin Chan**, **Cyborg Kurohan** and **Kirarin** which is dubbed in Filipino. Yuppies and young kids still are crazy about Japanese anime series. The new popular sports: the top-rating boxing-matches like **The Main Event** and **Donaire Flashback**, billiards **World Open 10-Ball Championship** and coverage for basketball league **PBA**.

Canoy was especially keen on the networks newest successful asianovelas are **Wife Returns**, **Romance Town** and **I Need Romance**, a Korean drama on **Viva-TV** since Filipino viewers acquired with **KBS**, **MBC**, **SBS** and **tvN**. It occupied the top spot in its time slot and it became so popular that the network's competitors to buy similar programs and shows. He said **IBC-13** accounted for 10% of the total advertising load in the industry with a total of 130 advertisers in 2012, including the big advertisers like **PCSO**, **DOH (Department of Health)**, **Unilever**, **P&G**, **Colgate**, **Unilab**, **Nestle**, **Wyeth**, **San Miguel Corporation**, **Pfizer**, **Alaska**, **Novellino Wines**, **Universal Robina Corporation**, **Ajinomoto**, **Johnson & Johnson**, **Smart**, **PLDT**, **Globe**, **Rebisco**, **KFC**, **Lamoiyan**, **Pepsi Cola**, **Charmee Pantliners**, **Pure Foods**, **Jollibee** and **McDonald's**.

Despite a decline in their telenovela viewership, new popular Mexican soap opera of the newest imported telenovelas called **Mar de Amor** and **Teresa**, now is No.1 in the ratings and has generated more advertising in its first month as the Spanish telenovela on **Viva-TV** while Pinoy viewers acquired with **Televisa**, and used to watching popular soap series in imports of Mexico, Korean and Taiwanese, he said.

Mr. Vic del Rosario said **Viva-TV**'s local version of the game show **Who Wants to be a Millionaire?**, has become the No.1 most watched TV program during Monday, Tuesday and Thursday and also every weekends in Mega Manila (Metro Manila and nearby provinces).

The show, hosted by Christopher de Leon, now airs from Monday, Tuesday and Thursday at 6:30 p.m., also every Saturday at 8:30 p.m. and Sunday at 9 p.m., starting to gain more viewers. The audience

share of ***Who Wants to be a Millionaire?*** just new phenomenally. It now has an average of one million viewers per week, Mr. Rosario declared. Since then, ***Who Wants to be a Millionaire?*** number one in its timeslot in Mega Manila," he added. The show is gaining around against news programs **GMA's 24 Oras** and **ABS-CBN's TV Patrol**.

The TV executive said the show airing after ***Who Wants to be a Millionaire?***, the phenomenal successful game shows ***The Weakest Link***, is making a strong showing as well in its 7:30 p.m. timeslot, is hosted by Edu Manzano. "We are very pleased that the show is gaining ground against **GMA's Aso ni San Roque**, and **ABS-CBN's Princess and I** in the ratings race," Mr. Rosario said.

He said **Viva-TV** is also gaining a strong following every Sunday, with the No.1 teen drama anthology ***Dear Heart***, comedy show ***Petra's Panniest***, basketball league **PBA**, and the talent search ***Born to be a Star*** scoring large ratings numbers for the TV network.

Alongside from its improved ratings during primetime, Mr. Rosario said **IBC-13** is also gaining ground in the **Viva** programming block, with its Filipino-dubbed animated series gaining a strong following.

"It was the localized version of the animated series ***Winx Club*** from **Rainbow S.r.l** become the No.1 phenomenal fairy-serye that first made **IBC-13** number one in the prime time block than ***Smile Dong Hae*** (**GMA**) and ***Precious Hearts Romances: Pintada*** (**ABS-CBN**)," Mr. Rosario said a worldwide phenomenon. Released by **Viva Video**, ***Winx Club*** DVDs volumes 1 to 10 are now available on all record stores nationwide from **Video City**, continuously broadcast in over 130 countries with top ratings. Hosts of more **Viva-TV** shows on **IBC** who helped pick out the raffle winners were: Anja Aguilar (***Dear Heart***, ***Born to be a Star***), actor AJ Muhlach (***5 Girls and Daddy***), Cristine Reyes, Richard Yap and Cesar Montano (***Esperanza***), Edu Manzano (***The Weakest Link***) and Christopher de Leon (***Who Wants to be a Millionaire?***).

This is just the first phase. Viewers should watch out for more, she said. Right now, it's important that we first build a credible image for our news team. With Maria and Snooky's help, we can solidify our platform.

Since June 2011, Boots added, **IBC 13's** international channel **IBC Global** has been available in Europe, Middle East, Canada, North Africa, Japan, Asia, Guam, Singapore, Hong Kong, Europe, Australia and the United States on **Dish Network**. For this project, the network tied up with **Pilipinas Global Network, Ltd.** Next on the drawing board, Boots said, is the strengthening of the network's entertainment programming as well as from **IBC Classics**. A leading FM radio stations **iDMZ** become the #1 internet danze mix radio in the Philippines, **iDMZ** has the target for dance music and remixed music in the Asian market and mass market.

IBC-13 recently started producing **Kapinoy** shows for the female audience. It has come up with three such new shows like ***Nora Mismo***, ***Cooltura*** and ***Good Take*** in non-prime time slots, and for the kids with two new shows like ***KapinoyLand*** and ***Eskwela Bulilit***.

Chin-Chin Gutierrez, former **ABS-CBN** talent, will be hosting ***Good Take***, which airs every Tuesday nights

A child wonder Sharlene San Pedro, former **Goin' Bulilit** kids, will now hosting ***Eskwela Bulilit***, which starts every Saturday mornings.

The network has also consulted, **Viva Entertainment**, which is responsible for the primetime hours (5 p.m.-12 midnight), on how to reprogram said grid with recently the **Viva** programs where the **PBA games** are shown.

Boots denied rumors that **IBC-13** is interested in getting senior vice president for **Star Magic** (**ABS-CBN** talent center) Johnny Manahan to help. But she hinted on talking with a director who is responsible for a number of box-office hits for **ABS-CBN**.

Channel 13 turns third network as the Kapinoy network [Edit](#)

October 9, 2012

Thus declared Boots Anson Roa, president and CEO of the state-run **Intercontinental Broadcasting Corporation** for **Channel 13**, which is up for privatization this year, is now No.3 behind the giant networks **ABS-CBN** and **GMA**, according to the survey in **AGB Nielsen-Media Research**.

The privatization of sequestered TV stations **RPN 9** and **IBC 13** was originally set by the **Privatization and Management Office (PMO)**, who monitors the privatization program said the sale of **IBC**, while **Channel 13** will now have to market the program as position the No.3 station in the country. We need to make the station more viable, Boots told **Inquirer Entertainment** in an interview at the **IBC-13** office in **Broadcast City** last week. We want people to know [that], pending privatization, we are beefing up our programming. Additionally, the network also relaunched a new advertising campaign and brand name **Kapinoy**, which emphasized the new **IBC** lineup as being more distinct and new than what was being aired by its competitors to increase our audience share and our ratings at the time.

Admin. supervisor and production cheif Dalyn Panoso, the station manager in monitoring and checking income and expenses of the station and attend personnel complaints and other work related problems. Directs TV programs, produces and edits all audio/video materials like plugs, commercials, promos, station ID, feature and documentary stories, and do camera works

We want people to know that will not be sold because privatization is good, we are beefing up our cultural and current events programming while the network battle despite the dominance of the two giant networks, according to the new owner Eric Canoy and vice-president Lito Ocampo Cruz, appointed by President Noynoy Aquino.

Boots is confident that privatization will not get in the way of the reprogramming they will not be sell. If the shows are good, Im sure the prospective buyer will take them into consideration, she said, couldn't really put her stamp on the nation's programming and even the non-prime hours were sold to blocktimers, like religious groups and telemarketing outfits. Everybody who started with **Channel 13's** became famous as newscasters, directors, writers and talents even begin to name all of them. At the **IBC** headquarters at Broadcast City in Diliman, Lito detailed the future of the network and what great things this new board has in the market.

Also, **IBC's** FM radio stations **iDMZ**, which is now have the Asia's No.1 internet danze mix radio will made of an Asian market and mass market for dance music with the upscale target market of the 15 to 40 age bracket and most upscale audience from the A, B, C and D classes.

For women

As the two giant networks offers big-budgeted teleseryes, reality shows, noontime entertainment and other mass-oriented productions, Boots said **IBC-13** was determined to improve prime time programming (This month will be very exciting), when it propping up its non-prime time hours with three new shows, while **IBC** become more aggressive with surging ahead in the ratings.

Cooltura is an educational program for the Filipino culture in the Philippines from Luzon, Visayas and Mindanao, according to Tessie Taylor, sales and marketing for programming, and is hosted by Cathy Eigenmann-Bordalba every Monday to Friday at 10:30 a.m.

Nora Mismo is a public service program that links up families with domestic problems and government agencies that can assist them. The show airs Mondays to Friday and is hosted by superstar Mr. Nora Aunor and Bobby Yan airs every Saturdays at 6:00 a.m.

Families

Good Take, hosted by Chin-Chin Gutierrez earned for **IBC 13** its 2011 Anak TV Seal Awardee for best adult educational program, features inspirational and success stories about ordinary people, said Taylor. The show will now airs on Tuesday nights at 12 midnight.

Kids

KapinoyLand, with characters are Mr. Kapinoy with Ms. TV, Radiogirl and Newspaperboy for kids along with puppets Pinoyflag, Baby Kapinoy, Ms. Lola Pinoy and RemoteBoy and children of the sequestered to play games, singing and dancing. Premieres from Mondays to Fridays at 3:30 p.m., before the children's television program **Barney and Friends**.

Eskwela Bulilit, a highly educational show designed for Filipino children, is hosted by child wonder Sharlene San Pedro, airs Saturdays at 7:30 a.m.

If, we now have programs geared toward the male and female audience, specifically mothers and fathers. In the daytime, it's mostly families who watch television, Boots explained. At night, we address more boys, girls and kids audience by airing sports shows, we also gained more viewers. The goal for creating this show was to increase the commercial value of the government-owned **IBC 13**, which was up for sale as part of the **Philippine Government's** privatization efforts was eventually bought by **Viva Productions, Inc.**, which does the TV and radio coverage for the **Philippine Basketball Association (PBA)**.

IBC 13 now supplements its monthly income with its earnings from **Viva** and other block timers, as well as with **RPN 9's** rental of the facilities, provided new programming of **Viva**, packaged it and promoted it. Currently on air is popularity of basketball tournaments **PBA on Viva-TV** for basketball league, **The Main Event** and **Donaire Flashback** for boxing fans and the **World Open 10-Ball Championship** for billiard fans as well as the **Viva** Tagalog movies showing of local movies **Viva Box Office** and **Sinemaks**, phenomenal fairy-serye **Winx Club**, new animated crime fighting action-serye **Totally Spies!**, newest star-studded teleserye like **Esperanza** and **5 Girls and Daddy**, teen drama anthology **Dear Heart**, game shows **Who Wants to be a Millionaire?** and **The Weakest Link**, newest talent search **Born to be a Star**, anime like **Crayon Shin Chan** and **Cyborg Kurochan**, plus new imported asianovelas like **Wife Returns**, **Romance Town** in daytime and **I Need Romance** as well as new telenovelas like **María Isabel**, **Teresa** and **Mar de Amor**, they have helped **IBC 13** rise from its financial slump and mediocre ratings.

According to Boots, **Viva Entertainment**, which has a programming contract with **IBC-13**, is responsible for the network's primetime hours from 5 p.m-12 midnight where the **PBA games** are shown.

Viva Communications, Inc.

Boots said she recently consulted **Viva** chairman and CEO Vic Del Rosario on how to reprogram said hours, which supplies 50 hours of sports and other programming per week to **IBC** bought a huge amount of airtime in primetime for a good price from reading the papers.

Right now, what you see on primetime are basically the **PBA games** and the **Viva** programs that you also see on **IBC** viewers on a more mass-based level with shows. There's because those programs already have a target market, captive market, Asian market and now have a mass market to concentrate on the A, B and C markets.

She said the network felt it needed to tweak the interest in the Asian market not only the A, B and C markets, but also of viewers on a more mass-based level with shows.

I can't divulge right now what the programming thrust will be. Viewers should watch out for this, said Boots.

IBC-13 goes TV on its nown terms

December 22, 2012

RPN and **IBC**, heretofore sequestered stations, will not be sold because it's still up for privatized and **PTV** will be converted into what could be the country's public broadcasting system akin to **BBC**. Sequestered TV network **IBC-13** won as the Best TV station in the **2012 KBP Golden Dove Awards**. In her breif acceptance speech, **IBC** president and CEO Booy Anson-Roa said: this is the first time in recent years that the best station award is being given to the two giant networks. "Kapinoy po this year"-Boots continued. "This is a victory for the major players." She gave due credie to the "men and women behind the success of **IBC** who has to work harder with equipment, resources, manpower and yet have achieved many feats." It has the government-sequestered stations **RPN-9** and **IBC-13**.

The other major television networks in the Philippines that air commercial shows and primetime TV series, the new **IBC** owner Eric Canoy said it one years ago when he ventured new business territory: **IBC** is woeking at it. Trying to be the best by challenging conventions and daring to the different in its programming to make a difference in the lives of others through its advocacies, with several other programs on the network also earning awards in their respective categories were sequestered by

the **Presidential Commission on Good Government (PCGG)** announcements from the **PNoy** administration. For a giant networks of **ABS-CBN** and **GMA**, the local TV's No.3 slot is now ruled by **IBC-13**, **TV5** and **Studio 23**.

Channel 13 started broadcasts in 1961 under **Inter-Island Broadcasting Corporation** thru the tri-media conglomerate of **RMN-IBC-Philippine Herald** owned by the late Andres Soriano. The station also broadcasts in Cebu and Davao. In the 1970s, **IBC** launches the color transmission named **Vinta Color** named after the Vintas from Zamboanga, the third network in the Philippines to convert to all-color broadcasts. Dick Baldwin was the station's first owner, and programming first consisted of mostly foreign programs from **CBS**, and a few local shows.

As of February 1, 1975, under the auspices of the **Benedicto Group of Companies**, the Philippines was delighted in the birth of a television station that would bring color to the dark years of the Martial Law era. **Intercontinental Broadcasting Corporation (IBC)** brought forth **DZTV Channel 13**, a commercial television station based on Metro Manila and initially beamed to seven relay stations scattered all over the archipelago. Through hard work coupled with and intrepid business sense, **IBC** management developed a strategic programming that appealed to the mass audience. Thus, **IBC 13** set a lot of firsts in the broadcasting industry. Become the number 1 television network **IBC-13** since from 1977 to 1988 while their studio equipment, cameras, lighting and props are useless, dilapidated and very old, cash and budgets has controlled employees.

Years passed after EDSA Revolution, things were never the same again in the network. **IBC** became a government controlled operation under the **Presidential Commission on Good Government (PCGG)**. Malacañang appointed several management groups to oversee the operation of the stations. The network's condition became congruent with the government situation, new administrators meant new management.

Last Friday, **IBC**, which runs the flagship Channel 13 in Metro Manila will now go back to the glory days gathered its friends from the press to celebrate its win and to unveil and revealed its new program slate. Network executives were led by vice-president Lito Ocampo Cruz who keynoted the affair. Ocampo Cruz cited **IBC's** escalated efforts to strengthen the network's financial muscle to finance its programming, privatization and expansion plan with the administration of president Noyonoy Aquino. It was at this point that the network began to decline in terms of ratings and revenues. This may tie-up with **Viva Entertainment**, which is owned by Vic Del Rosario, Jr. **Viva** has a programming contract with **IBC-13**. Since both **ABS-CBN** and **GMA-7** are claiming that they are No.1, Ms. Roa of **IBC** also said that now their aim is to be the No.2 TV station in the country. **Viva-TV** continues to reign on primetime hours from 5:00pm to 12:00mn.

IBC claims a new program slate described by chairman Orly Mercado as an unrivaled suite of children, entertainment and news and public affairs programs whose broad appeal crosses age, gender, and socio- economic class. She said the network believes that there are audiences looking for true innovatives to formula programs and to formats and that there are markets out there with a broad repertoire of tastes and interests and with penchant for original, out-of-the-box ideas. This is the audience to whom **IBC** wants to serve its multi-faceted menu of the sequestered company's board members, a new hope shines the network which pioneered various genres in TV production as **IBC** remains a network

with its innovative, creative core intact and aggressive. You require people not only on-cam talents but also the backroom, writers, directors and cameraman," he said.

In a joint letter to the Malacañang, the **IBC Employees Union (IBC-EU)** and **IBC Supervisors Directors Union (SDU)** asked President Benigno Noynoy Aquino III to prioritize the privatization of **IBC 13** to ensure that the company is managed professionally and members of the **IBC Board of Directors**. Vic del Rosario, a **Viva's** chairman and CEO, is using the formula to boost **IBC-13's** programming power hopes to turn the bottom performer, said that the station still has commercial value despite its contract with **Viva Entertainment**.

Boots, during the PNoy administration, when it began gradually paying its debts, and tempering the unrest among its labor sector. Under Boots, **IBC-13**, for the first time, started making gains in viewership. It reached the number 3 position among TV networks at the some point of giant networks **ABS-CBN** and **GMA 7**, according to the survey of **AGB Nielsen Media Research**.

IBC has done it before and it's doing it again. Living out its passion to do its own thing. Reached greater heights and became the country's top-rating network. Our regular showing full-length Tagalog blockbuster films on primetime and the introduction of one-of-a-kind program genres were first seen on **Channel 13** from the classic popular hit shows like **Iskul Bukol** which has a TV sitcom accross all channels, **Chicks to Chicks** and **TODAS** which first brought comedy to television, the **Seeing Stars with Joe Quirino**, a first showbiz talk show on primetime back in the early '70s, Johnny Weismuller as the role of **Tarzan** for a series, **Sic O'Clock News** as the gag show with Jaime Fabregas and Ces Quesada in the '80s, **Lucky 13** is a first-ever game show in the '70s with Ronald Remy, Tess Limcaco and Tommy Oppus, **Public Forum** is a public affairs program with Prof. Randy David, **Pinoy Thriller** is a first-ever horror series of the '80s, **Kulit Bulilit** is a first children show in the '70s with Imee Marcos and Martin Oppus, and **CUTE: Call Us Two For Entertainment** was a comedy-variety program. IBC was launched on Channel 13 and granting the first TV camera broadcasting franchise on 1960 as the Inter-Island Broadcasting Corporation (IBC). Inter-Island TV-13 was the first Philippine network to go on full satellite broadcast daily, the first to go on full color broadcast, and the first to employ an Outside Broadcast Van (OB Van) in its news operations.

Channel 13 started broadcasts in 1961 under Inter-Island Broadcasting Corporation thru the tri-media conglomerate of [RMN](#)-IBC-[Philippine Herald](#) owned by the late Andres Soriano. The station also broadcasts in Cebu and Davao. In 1970s, IBC launches the color transmission named "Vinta Color" named after the Vintas from Zamboanga, the third network in the Philippines to convert to all-color broadcasts.

Dick Baldwin was the station's first owner, and programming first consisted of mostly foreign programs from CBS, and a few local shows. Andres would acquire the channel in 1962.

On February 1, 1975, Inter-Island 13 split off from the Sorianos, owners of RMN and was renamed Intercontinental Broadcasting Corporation (IBC) and moved to Benedicto Group of Companies by the late Roberto S. Benedicto (1916–2000), who purchased the network consisting of the Manila station and another relay station in Visayas and Mindanao. IBC also opened its FM station [DWKB-FM](#) the same year, it became the number one FM station in the country. In 1976, IBC metamorphosed into one of the country's most viewed TV network with its primetime lineup and full length local and foreign films aired on this channel. This catapulted IBC in the number one slot among 4 rival networks.

Through the sweat of its employees and the income generated from its programs, the network built and finally moved into its present home at the modern [Broadcast City](#), in 1977. The complex was a 55,000 square metre tract located at Capitol Hills, Diliman, Quezon City.

IBC manifested an enviable resilience in surviving the challenges. It marked the biggest, most progressive leap any network has ever made. Because of its station produced shows and co-production ventures, it penetrated a wider market. Thus, remarkable productivity surfaced with a acquisition of several provincial TV and Radio stations.

After the EDSA revolution, IBC was sequestered by the government. A board of administrators was created to run the station. All of the stocks and assets of IBC, and its sister networks [RPN-9](#) and [BBC-2](#) were sequestered by the [Presidential Commission on Good Government](#) (PCGG). President [Corazon Aquino](#) turned over IBC and RPN to the Government Communications Group and awarded BBC through an executive order to [ABS-CBN Broadcasting Corporation](#). When BBC closed down, IBC absorbed majority of its displaced employees, thus doubled the operating expenses of the network. Cost of programs went up three-fold. Line-produced shows and co-production ventures with some big film companies like [Viva](#), [Regal](#), and [Seiko](#) were favored. The top rated shows of IBC were pirated by rival networks. Cost of programs, talent fees and TV rights increased tremendously. IBC could no longer afford to produce its own shows. In 1987, IBC 13 renamed E-13 for the first time and its slogan Life Begins at 13 noted for the [butterfly](#) logo in the form of the letter E and the number 13. In 1989, E13 renamed back to IBC 13.

IBC took on a new image at the same year, Pusong Pinoy, Pusong Trese, to recapture the glory days it once had. But because of the sequestration, periodic change of management and the internal problems, the network started to lose the support from its advertisers.

Islands Broadcasting Corporation under Mr. Tonyboy Cojuangco took over the management and the marketing of IBC (which came to be known as Islands TV-13) in 1990. It was in the later part of its operations that ratings and income suffered due to mismanagement which caused labor unrest.

In 1992, IBC return to air and became a 100% government owned station by virtue of a compromise agreement between PCGG and Roberto Benedicto, management and marketing were returned to the IBC Board of Directors. The programming remained at a standstill in preparation for the launching of a new image of the station.

It was 1994 when IBC launched Pinoy Ang Dating with a Filipino-like visually enticing music video (with [Grace Nono](#) as the composer and singer of the same song), an innovation in terms of station identification. Despite limited resources, programming improved but the battle for audience share continued. Advertisers became more responsive to marketing efforts. The said ident won the Gawad [CCP](#) Award for Best Station Identification in the said year.^[1]

[Vintage Television](#) (VTV), later merged with [Viva Television](#) in 1999, entered the scene in 1996 with [PBA Games](#) as its major program and continued until 2002 and return in 2011. Rehabilitation of the transmitter and other technical facilities were initiated in the central and provincial stations. A new Harris 60 Kilowatt transmitter was installed. The global service of APSTAR 1 satellite was utilized for a wider global reach.

In 2003, IBC launched its new logo and the new slogan Ang Bagong Pilipino with a freestyle station ID.

In late 2007, IBC Management inked a deal with the [Makisig Network](#), led by Hermie Esguerra. Makisig was accepted as a primetime block-timer of IBC. However, Makisig Network's programs were not aired due to questions on the propriety of the terms and conditions of the agreement. Said agreement expired in October 2008.

Abandonment and privatization [Edit](#)

After four decades of serving the network's dominance and entertainment programming, IBC-13's studios and facilities are abandoned due to [negligence](#) and their network's mismanagement. Both their studio equipment, cameras, lighting and props are useless, dilapidated and very old, cash and budgets were afford to utilize radio-TV operations, their programming and airtime suffering them from a network war in the late 1980s and the 1990s and many employees of their jobs. The management tries to revive the ill-fated network in the 2000s.

There were many plans to sell and privatize IBC and its sister station RPN.^[2] TV network ABS-CBN is planning to buy the network's blocktime to address signal problems and mimic the former's programs. However, ABS-CBN would not join the privatization bid due to ownership regulations.^[3]

IBC has been entered into a joint venture agreement with Prime Realty, an affiliate of R-II Builders Group of Reghis Romero Jr. The agreement calls for the development of 3.5 hectares of Broadcast City.^[4] This makes the Aquino administration wanted to privatize both RPN and IBC to private sectors and retain the [People's Television](#) (PTV) as a sole-mandated government TV network.^{[5][6]} It has been announced that conglomerate [San Miguel Corporation](#) will join the government-sponsored bidding for the privatization of RPN and IBC.^{[7][8]} [Viva Entertainment](#) plans to buy IBC-13 to become a part of number one channel as it is privatized by 1st quarter of 2012 and to revive the old network's glory days (as in [Viva-TV](#)).

Partnership with Viva Entertainment [Edit](#)

On July 11, 2010, IBC-13 began a partnership with the [Viva Entertainment](#), an operator of a number of cable channels in the country and some new programs with its slogan Ka-Bilib Ako! (Tagalog for "You Believe You"). Some of its local programs like [Pop Girls](#), [Wansapanataym](#), [Daily Top 5](#), [Wow!](#) and [Dear Heart](#) are all produced by the [Viva Television](#) with the concept of live global satellite programming in local television. This joint co-production agreement with Viva makes IBC-13 a de facto part of the Viva family, similar to the arrangement when the primetime block. However, IBC and Viva remain separate entities. The same day, IBC-13 created two new departments, [News and Public Affairs](#) (headed by [Zyrene Parsad-Valencia](#)) and [Entertainment TV](#) (headed by [Jose Javier Reyes](#)). The same day, the first to broadcast remote news coverage and reporting.

The company began co-producing new programming for the network, such as a [Pop Girls](#), the newest teen variety show which airs every sudnay nights, against the rating beating with [ABS-CBN](#) and [GMA Network](#) The network underwent management changes on July 12, 2010, as [Boots Anson-Roa](#) returned to IBC's president and cheif excutive officer. The appointed director of the board, while the new chairman of IBC is [Only Mercado](#). His foremost concern is to maintain the viability and competitiveness of the network in preparation for its privatization.

Mercado's first major move was to expand their contract of blocktime agreement and partnership with [Viva Entertainment](#). Programming preparation from the number one entertainment channel via its new programming block [Viva-TV](#) was relaunched on IBC-13's lineup at the beginning on June 5, 2011. Some of these benches have been moved to the "Control Room" at [Winx Club's Toon Blast](#). Also scattered around the property were Viva-TV Cartoons cutouts for photo opportunities. A gift shop was also located near the Bida Geyser, featuring then-popular Viva-TV characters on the front of the building and a single digit number of employees was started with the size of audiences attending the live recordings.

Summary [Edit](#)

Viva-TV Studios featured a tour for visitors of the Ortigas, [Pasig City](#). As they entered the building, they would go up an escalator to the second floor, where they would enter a [Chikalectric](#) themed room. Then, they would enter the Control Room viewing area, which showed a video about Viva-TV, and allowed them to see into there. They would then go down another escalator to the bypass it to the hallway with the wardrobe and makeup departments, where they would get a hands on experience tasting, and trying on different items for a [Viva Television](#) production.

Viva-TV entertainment shows

MANILA It may be a bit late, Filipinos have caught entertainment show fever this February 2012. **Viva-TV on IBC** manages to keep up with the network battle despite the dominance of giant networks **GMA-7** and **ABS-CBN**. **Viva-TV** is offering a wide variety of entertainment shows. Under the new management of IBC chairman Orly Mercado.

Viva TV, the entertainment network of Vic del Rosario's **Viva Entertainment** group, lit the fire when it aired "**Fighting Family**" and the localized, licensed version of "**Jr. NBA**" debuted on higher-rating **IBC-13** during primetime. Hosted by newest Viva actor Dingdong Avanzado, from front-runners **ABS-CBN** and **GMA-7**. **Viva-TV on IBC 13** recently became more aggressive after surging ahead in the

ratings with Saturday night game shows like "**Fighting Family**," "**Jr. NBA**" and "**Who Wants to be a Millionaire?**", top honcho of the **Viva** conglomerate which holds the show's local franchise.

Although these game shows are blocktimers of **Viva Television**, they have helped **IBC 13** rise from its financial slump and mediocre ratings. After **GMA** and **ABS-CBN**, the No. 3 slot is being claimed jointly by **TV5** and **IBC-13**.

The game show revolutionized viewing patterns and forced other networks to rethink their programming. **Viva**'s bold move won the 6:00 p.m. to 6:30 p.m. timeslot for the top spot with total viewers (12.5 percent), top honcho of the **Viva** conglomerate which holds the show's local franchise, the giant networks have put up similar shows to counter the phenomenal rise of the rating charts. "**Jr. NBA**", the first-ever Filipino TV-show franchised from the "**Jr. NBA**" with Philippine rights secured by **Viva-TV**, the games from all over the country Hosted by Cogie Domingo. The show became a hit in its first season, garnering a high 25-percent average rating on the primetime slot, according to the TV survey of **AGB Philippines** last January, besting primetime shows from **TV5**, **GMA 7** and **ABS-CBN**.

On Sunday, 8 p.m., **Viva TV**'s teen-oriented variety show, "**Pop Girls**" will be a new season 3 with total viewers (11.3 percent) for the quarter. One of the big deals related to the show is the fact that its host is Nadine Lustre, Rose Van Ginkel and Shy Carlos, who got her own start in showbiz years ago.

In fact, **Viva TV** had started the animated series when it launched "**Pop Pixie**" which airs on **IBC 13**. "**Pop Pixie**" airs every Saturday, 11 a.m. top show with total viewers (5.8 percent) in its time period. The primetime teleserye "**May Buklas Pa**", the 6:30 pm timeslot scored basic top spot with total viewers (10.5 percent) against with the news programs with "**TV Patrol**" (15.8 percent), "**24 Oras**" (17.7 percent) and "**Aksyon**" (20.7 percent).

FANS of the top rating **Fighting Family**, **Jr. NBA** and **Pop Girls** might just their favorite primetime television entertainment shows.

Viva TV produces more than five hours of daily primetime programs for **IBC 13**, broadcast from 5 to 11:30 p.m. on Monday to Friday, 10 a.m. to 11 p.m. on Saturdays and 11 a.m. to 11 p.m. The station also has the **PBA Games**, the Viva Tagalog movies and Tagalog-dubbed foreign cartoons. "Viva's entry was very significant for us," says **IBC 13** public affairs director Marietta "Mayet" Camacho. "It made us the most financially stable among all the government-owned networks (like **RPN 9** and **NBN 4**). We also gained more viewers." **IBC 13** now supplements its monthly income with its earnings from **Viva** and other block timers, as well as with **ETC on RPN 9**'s rental of the facilities. **IBC 13** has decided to beef up its news and public affairs programs.

The station also enhanced the shows in terms of focus. "**Good Take**," hosted by Chin-Chin Gutierrez, earned for **IBC 13** its two-time **Catholic Mass Media Award** for best adult educational program. Now on its second year (Mondays 12 midnight), it features inspirational and success stories about ordinary people.

Sarah Geronimo, Anne Curtis, and KC Concepcion headline the flagship programs of **Viva TV**, the **Viva Entertainment Group's** latest foray into nationwide platform and the new free television on **IBC Channel 13** with a brand new 60 kilowatt **Harris transmitter** transmitter sitting in Coca-Cola's compound in San Francisco del Monte, Quezon City has than the power of the **GMA-7** and **ABS-CBN** transmitters. **Viva-TV** broadcast on **Channel 13** signs on Mondays to Fridays from 5 p.m. to 11:30 p.m., Saturdays from 8 a.m. to 11:30 p.m. and Sundays from 10:30 a.m. to 11:30 p.m.

The newest chairman Orly Mercado, **IBC-13** top honcho, made the disclosure at a press conference last November 21, 2011. The network is still sequestered, and Mercado admitted that it's still up for privatization among all the government-owned networks (like **ETC on RPN-9** and **PTV-4**) and revealed that the network's franchise was granted by Congress very recently, after the network had operated for more than 42 years.

Viva-TV on IBC has been serving Filipino audiences for the last 37 years for the radio-TV broadcasting with its TV station in **IBC TV-13** in Mega Manila, **IBC TV-13** in Baguio City, **IBC TV-6** the Mountain Province, **IBC TV-13** in Laoag City, **IBC TV-12** in Iloilo, **IBC TV-13** in Cebu City, **IBC TV-13** Davao City and **IBC TV-10** in Cagayan de Oro City and the network also operates radio stations from dance mix radio **iDMZ 89.1** in Mega Manila, **DYBQ** in Iloilo, **DYJJ** in Roxas City and **DYRG** in Kalibo. Getting the **PBA Games** was a brilliant idea and television franchise that instantly filled the **Viva-TV** schedule with programming practically guaranteed to rate decently, advertisers and TV commercial spots. Picking up the children's television program "**Barney and Friends**" for mascots with the **Barney** characters also particularly astute considering that all the other local network for kids. Relaunching "**IBC Express Balita**" and "**Ronda Trese**" together with "**Good Take**," "**Linawin Natin**" and "**Pulsong Pinoy**" spoke of a determination to build a strong, independent and credible news organization. Airing animated TV masterpieces on **Viva-TV** such as "**Lalaloopsy**" and "**Polly Pocket**" which become a new TV series gave substance to support for TV kids fare and teenagers. Of course, there were missteps as well the daily noontime variety show "**Lunch Break**," the Chinese lifestyle tele-magazine show "**Chinatown TV**" and TV sitcom for health "**Hapi Kung Healthy**." Thankfully, they were all TV specials like "**A Taste of History**" and "**Homecoming sa 13**" and other youth-oriented one shot presentations should at least get points for trying out groundbreaking concepts. In fact, some observers say that if these programs had been with **GMA-7**, **ABS-CBN** and **TV5**, have been successful. **IBC-13** is another set of innovative programs: "**DMZ-TV**," a teenager, youth-oriented dance show for teens; "**Cooltura**," a documentary show about the Filipino culture in the Philippines and "**Y2K: Yes to Kids**," a children show in the college students for interest, pre-school kids and learning for kids. Still to come, had already getting a press conference, is a show in which Filipino actors compete for a chance to break into the Philippine Television.

Quezon City, July 1, 2012

The **Intercontinental Broadcasting Corporation (IBC)**, a government-owned sequestered networks of **IBC Channel 13** as the **Kapinoy** network the most financially stable among all the government-owned networks (like **RPN-9** and **PTV-4**) and now a strong number 3 in the ratings of **ABS-CBN** and **GMA Network**, will have for the new **Viva-TV** programming with the **PBA games**.

Its just the first of more TV shows that **Viva Entertainment** has lined up on **IBC-13**. They are gearing up for a grand relaunch welcome **Kapinoy** to the battle between the **Kapamilya** and **Kapuso** networks. We were pleasantly surprised to find old colleagues Lito Ocampo Cruz and Tessie Taylor among them, and even happier to find that they had back to television, namely **IBC-13** is a government entity, it is run like a private corporation. They generate enough income to support the station along with new IBC charaters are mascots Mr. Pinoy, Ms. TV, RadioGirl, NewspaperBoy, Barney, Baby Bop and BJ.

At the **IBC** headquarters at Broadcast City in Diliman, Lito detailed the future of the network and what great things this new board has in store. Innovative fare for Viva-TV

July 2, 2012 - **MANILA, Philippines** - Experience the newly entertainment network **Viva-TV**'s initial broadcast on **IBC-13**, the No. 3 station in the country to have a new program lineup. Saturday had none of the asianovelas and noontime variety shows commonly seen on **ABS-CBN** and **GMA 7**.

"It's the risk we decided to take. We wanted to give people an innovative to the current fare," said **Viva** chairman and CEO Vic del Sorario Jr. during the network's launch last Thursday in Trinoma Mall, Quezon City. "If we would come up with shows with just the same format." The station has a new logo (both **IBC** and **Viva-TV**), new theme, new jingle and new station ID, thanks to its new chair Orly Mercado and vice-president Lito Ocampo Cruz.

Rosario added that the network will first concentrate on strengthening its prime time block, which is from 5 p.m. to 11:30 p.m. The marketing theme shall be revamped and the network will have an official re-launching last June 30, 2012 for **Intercontinental Broadcasting Corp.** The local broadcasting industry is characterized as the leading players **ABS-CBN Broadcasting Corp.** and **GMA Network Inc.** The most financially stable among all the government-owned networks (like **RPN 9** and **PTV 4**).

The need to the network **IBC-13** decided to add something new in the market by reformatting, Sy said, had been pursued by its management led by **IBC** chairman Orly Mercado need is still up for privatization. Negotiations led to a long-term block-time agreement **Viva Entertainment**. **Viva-TV** became its new brand name as the **Home of the Stars** for the country's leading TV station.

Its modest aim, according to Del Rosario, is to become No. 3 in the so-called TV network wars.

“**TV5** and **ABS-CBN** both is No. 1, **GMA 7** is No. 2 and **ABS-CBN** and **IBC-13** are both claiming to be No. 3. We’d gladly give that to them. **IBC-13** want to be the strong third force in the industry,” explained Rosario.

Kapinoy [Edit](#)

In the middle of a spiel (on **IBC-13's** plan to build a High-Definition studio), the AVP conked out momentarily, to make sequestered **IBC-13**, a major player owned by the Benedicto family dominated by **ABS-CBN**, owned by the Lopez family, and **GMA Network**, owned by the Gozun, Duavit and Jimenez families when **Viva Entertainment**, which is now used a blocktimer (it bought almost all the airtime slots of **IBC** news programs *Express Balita* and *Ronda Trese*), already owns 80 percent of the **IBC**. It appears that **IBC Board of Directors** management gave the company’s unsubscribed shares to **Viva** as payment for **IBC’s** cash advances from **Viva** will control 100 percent of the station’s airtime with new **IBC** characters are mascots **Mr. Pinoy**, **Ms. TV**, **RadioGirl**, **NewspaperBoy**, **Barney**, **Baby Bop** and **BJ**.

In any case, **IBC-13** has a new tag, **Kapinoy**, because, its drumbeaters say, the revitalized network offers a haven (and lots of jobs) to erstwhile **Kapuso** (**GMA 7**) and **Kapamilya** (**ABS-CBN**) talents as well as **Kapatid** (**TV5**). **Viva-TV** put up its own talent management arm to the increasing need to develop its roster of actors and singers to feature in the station's various programs on **IBC** became more aggressive in its programming and relaunched a host of new shows to compete with the programs of the two major networks, both started to limit the talent fees they allowed to cross over said **IBC Board of Directors**.

Which is the talent management agency **Viva Artist Agency, Inc.** with the top celebrities Sarah Geronimo, Anne Curtis and KC Concepcion along with the **Kapamilya** crossover sighted at the relaunch were represented by unkabogable Vice Ganda, Richard Gutierrez, Sam Pinto, Cesar Montano and Robin Padilla plus the **TV5 Kapatid** crossover Onemig Bondoc, Edu Manzano and IC Mendoza.

The **Viva** star on newest TV is new popstar Anja Aguilar, Jon Santos, Ashley Rivera aka Petra Mahalimuyak, Ashley Rivera, Christopher de Leon, Britain’s Got Talent alim Charlie Green and James Yap of **PBA**. Were prepared to put in the capital and hire the right people. To a large extent, its about investment, Rosario said.

The new **IBC-13** is expected to target the burgeoning middle-to the market. **ABS-CBN** and **GMA** focus on lower-income markets, which lap up local comedies, variety shows and asianovelas. **IBC-13** may win audiences with station-produced shows, more **Viva-TV** programs, a mix of foreign cartoons, Tagalog-dubbed anime and asianovelas.

More exciting [Edit](#)

“We hope to make our shows more exciting and more aggressive. We want to change the current TV landscape,” he said. **IBC-13** is now a strong number 3 in the raising fresh capital to better compete with giants **ABS-CBN Broadcasting Corp.** and **GMA Network Inc.**

But the list of new **Viva-TV** programs on **IBC** consist mostly of tried-and-tested fare or regurgitated formats (notably, the Sunday noontime show back-to-back *Pantaxya X* and *SM Little Stars* and *Cristine*

Reyes' **Esperanza**). If **GMA-7** and **ABS-CBN** is the major TV networks in the country and also following the **TV5**, more aggressive by Mr. Rosario to becoming the major TV networks **IBC-13**.

Chairman and CEO Vic Del Rosario earlier announced that the company would spend a total of P8 billion this year. Part of this will be for the acquisition of state-of-the-art network equipment and new facilities.

Rosario added that the company is also focusing on improving the quality of its TV signal across the nation, which is seen as key in improving its ratings. Today, he said the quality of **IBC's** signal on the No. 3 terrestrial network is already better than its bigger rivals **ABS-CBN** and **GMA** in the Mega Manila area, where more than half of TV viewers in the country live.

The additional P6 billion will go mainly to improve on the broadcasters network. About P3 billion will be used for the development of programs, which involves the aggressive hiring of new **Viva** talents. When local networks were buying from Taiwan and Korea.

Pilot episode of 'Sabi Mo Nanay'

Dubbed as Mr. Cool, AJ Muhlach is the host of ***Sabi Mo Nanay***, a **Viva-TV's** reality dating show from the newest imported **Freemantle Media** of **IBC** that has three girls competing for the approval of the strict mother of a mystery. Not in a teen star, not in a singer, not in a member of the boy band XLR8, not even in a dance idol, but now in a new popular Filipino actor and product endorser after the success of the son of a two-time Gawad Urian and FAMAS award-winning Filipino actor and product endorser Aga Muhlach. Master is getting the buzz as Filipino actor AJ Muhlach is the host of **Viva Entertainment's** new reality dating show on **IBC-13**. ***Sabi Mo Nanay*** premiered last Friday, July 6, 2012, with a mother who has high standards for her son's date: she should be a car lover, a good entertainer, and a romantic person. These were the qualities that the mystery guy's mother is looking for among the batch of the show's searchees—selected girls of Viva Hot Babes: Maui Taylor and Katya Santos while AJ Muhlach become the family, son of Aga Muhlach with wife Charlene Gonzales and kids Atasha and Andres.

A first in Philippine television, ***Sabi Mo Nanay*** is an innovative acting original sitcom-game show done in meet-the-parents. The challenges, through up by families and doctors each week is exhilarating, funny and real. With host AJ Muhlach, the three girl searchees lined up for their first trial—the car wash challenge. Clad in sexy outfits, the trio thoroughly scrubbed, rinsed, and polished the car. Even as they were soaked, they had to prove their worth to the matriarch. After the first challenge, the girls were then asked to do the second test where they had to sing and dance in order to show how entertaining they were—one of the qualities they must possess to win the challenge. In line with the last criterion, the searchees were again called by AJ and were given instructions to write a poem and deliver it before the strict mystery's mother to please her with their romantic lines.

After all the challenges and the naughty side trips and playful daunting of AJ, the mystery guy was revealed and introduced to the girl searchees with their **Viva** star guest. With the girls anxiously waiting to know whom among them will be chosen, the fussy mom coldly announced that her choice was Maui Taylor.

Who will be the next batch of girl searchees who will dare to challenge the next mystery mom? Who among them will enjoy an all-expense-paid dream date? Find out on the next episode of ***Sabi Mo Nanay*** on **Viva-TV**, aired every Friday night at 10 p.m. on **IBC-13**.

Viva-TV on IBC network

Viva-TV on IBC-13 was originally known as **Viva-TV** primetime network, a **Viva Entertainment** company.

Of course, their "prime program" was the **PBA** and **NBA**, alongside other sporting events such as the football players, boxing ("**The Main Event**") and billiards, especially when they were known as **Viva-TV** they also had a good share of entertainment shows.

Among them were "**WOW!**" and "**Goin' Bayabas**"--both which, ironically, came about after the departure of Empoy Marquez, Anne Curtis and Keempee De Leon. "**WOW!**" was the 30-minute gag show, pero a new comedy pranks side with Vhong Navarro. "**Goin' Bayabas**" the comedy-gag show with Martin Escudero, Vice Ganda and Kim Gantioqui.

There was also "**Daily Top 5**", the entertainment news program hosted by Nikki Bacolod, "**Dear Heart**", a teen-drama anthology hosted by popstar Anja Aguilar, "**Sinemaks**", the sunday night movie with the Viva movies and "**Pop Girls**", the sunday night teen variety show hosted by Nadine Lustre, Rose Van Ginkel and Shy Carlos.

And true to **Viva's** nature as the cartoon programs, they had animated series, too, like "**Winx Club**" with Bloom, Stella, Flora, Musa, Tecna, Layla or Aisha and Roxy, the teen animation series "**Barbie**" and "**Trollz**" with Amethyst, Sapphire, Topaz, Onyx and Ruby

Of course, **Viva-TV** has also the weekly sports shows like "**Now Showing**", a tuesday night sports specials showcased with boxing, billiards, volleyball, provincial basketball, athletics-professional and collegiate sports competitions and "**The Main Event**", the top-rating weekly boxing show.

During **Viva-TV** relaunched in June 5, 2011, the contract with **Viva** and **IBC**--this was airing **NBA** and **PBA**especially during its inauguration, airing birthday special is Manny Pacquiao which **Viva-TV** produced.

As a result, **Viva Sports'** commentators all wore a black band as a sign of "protest", and **IBC's** name during their coverages (they would always say "**Viva-TV on IBC**"). Especially when Orly Mercado took over as **IBC**chairman he managed to squeeze in some sports and entertainment programming during **Viva-TV's** hours on primetime, and also enlisted the help of **Viva Sports** to provide sports news and even the main anchor (in the person of Jake Morales) for their late-night newscast back then (at that time, it was already known as "**Ronda Trese**").

Viva-TV's Big Launch

It irks me every time the cable connection fizzles, especially when I'm watching my faves like **Pop Girls**, **Dear Heart**, **Popstar Diaries**, **Wow!** and **May Bukas Pa**. Now, the **Viva-TV** stars because **Viva-TV**, a division of **Viva Communications Inc.** can now be seen on free TV over **IBC-13** primetime with blockbuster movies, animated shows, showbiz news, TV series, music videos, sports, entertainment shows and game shows to satisfy your viewing appetite, making life more exciting primetime all night! The Viva TV stars includes Sarah Geronimo (**Popstar Diaries**), Vhong Navarro (**Wow!**), Anja Aguilar (**Dear Heart**), Christopher De Leon (**Dear Heart**), Charlie Green (**SM Little Stars**), Nadine Lustre (**Pop**

Girls), Cesar Montano (**May Bukas Pa**), Maricel Soriano (**May Bukas Pa**), Rico Dela Paz (**Dear Heart**), Joanna Morales (**May Bukas Pa**), Cogie Domingo (**Jr. NBA**), Anne Curtis (**May Bukas Pa**), Nikki Bacolod (**Daily Top 5**), IC Mendoza (**Chikaletric** and **Stop, Talk and Listen**), Sam Pinto (**OPM TV**), Vice Ganda (**Petrang Kabayo**), Aga Mulach (**Petrang Kabayo**), Shy Carlos (**May Bukas Pa** and **Pop Girls**), Jun Lalin (**Stop, Talk and Listen**), Cristine Reyes (**Cristinetopia**), Vic Sotto (**Who Wants to be a Millionaire?**), Dingdong Avanzado (**Fighting Family**) and Say Alonzo (**Stop, Talk and Listen**).

The VHF channel **IBC-13** happened last June 5, 2011 and the momentous event was marked by two celebrations -- first was the press launch at **World Trade Center** in Pasay City and second was the trade launch to advertisers and media agencies at **NBC Tent** in Taguig City. Like all the past events of **Viva Entertainment**, both launches were superbly done and both venues were dressed up to may everyone feel the exciting vive of the big launch catch your favorite **Viva-TV** shows on primetime and crisper sound through cutting-edge digital technology.

All of **Viva-TV** will have **IBC-13** primetime and that means the loyal viewers won't miss a single one of their sports and entertainment programs. Anything new to look forward to? **Viva** revealed that they will have animated shows such as the animation-fantasy series **Winx Club** and **Pop Pixie** and probably a local newcast that will focus on sports news and entertainment news, both **Express Balita** and **Ronda Trese** with new anchors, new sets, new opening billboard and production values to make them more competitive.

At the silly thought entered my mind and I blatantly asked, "Since **Viva-TV** is now on free TV alongside the competition ratings of **ABS-CBN**, **GMA-7** and **TV5**. The elicited chuckles in the room as **Viva Entertainment** Chairman and CEO Vic del Rosario, while Viva Entertainment Vice-President Veronique del Rosario-Corpus. They further that eventhough **Viva-TV** is now on free TV and they would continue to target "the young, the TV stars, plus the market".

More Power with **Viva-TV** on **IBC** primetime more than ever!
